2	Trash left behind in public areas.	Nov 10, 2013 10:12 PM
3	We live our lives around the Giants schedule, from grocery trips to having guests over. What a panic I have when there is a family emergency requiring driving on a game day!	Nov 10, 2013 10:33 AM
4	Noise....	Nov 8, 2013 9:43 PM
5	Blindingly bright lights at the stadium on until late hours	Nov 8, 2013 7:31 PM
6	NIMBY activists stifling the local economy	Nov 8, 2013 3:16 PM

8	Oakland baseball should stay in Oakland.	Nov 8, 2013 11:55 AM
9	Security is becoming a big concern too. These events seems to draw bad behaviors and anti-social elements, that are clearly impacting our security (feels unsafe, and have to watch where and when I am using the streets).	Nov 8, 2013 11:21 AM
10	The City of San Francisco has gone out of their way to make it impossible to park in our neighbourhood already. It is disgraceful that the local residents are being punished because of inadequate public transportation to suit the needs of sports fans. Adding a larger burden to the residents by having almost-daily disruption is unacceptable. Not to mention, there has been an increase in attacks, crime, and violence in the area related to these games.	Nov 8, 2013 11:02 AM
11	The questions in this survey are written in a biased fashion. This is not a balanced, properly designed survey	Nov 8, 2013 8:12 AM
12	Impact to my property value- potential buyers wanting to avoid the negative impacts of the games	Nov 8, 2013 8:10 AM
13	Am concerned we are becoming NIMBY's in this area. Let us work together on how to address issues that result from growth rather than just saying no to it.	Nov 8, 2013 7:51 AM
14	Wrong element	Nov 8, 2013 1:27 AM
15	Biased, much? Why is this survey only concerned with potential negative impacts of having A's games here? We need more restaurants, take-out spots, and bars in the neighborhood. Foot traffic from the games supports the local businesses here.	Nov 7, 2013 10:17 PM
16	Emergency access to residents during grid lock conditions.	Nov 7, 2013 9:23 PM
17	Fan behaviors also includes harassment, assault. Also, general crime increase during games.	Nov 7, 2013 6:48 PM
18	noise from fireworks and other game-related activities	Nov 7, 2013 5:48 PM
19	A's fans in Giants territory	Nov 7, 2013 5:43 PM

Q6. If you answered "other" to Question #5, please explain.

20	i love the idea. the more events, the more business for the local shops and restaurants. more money coming in to build out a new and still growing neighborhood.	Nov 7, 2013 5:03 PM
21	PLEASE DO NOT RUIN OUR NEIGHBORHOOD~	Nov 7, 2013 4:23 PM
22	question 5 does not allow me to actually rank - 1-7 are autopopulated by height and i have no control over it.	Nov 7, 2013 4:02 PM
23	This concept is totally unacceptable to mission bay residents and would create traffick and crime havok in our community. Also rank order on questions 5 does not work	Nov 7, 2013 2:55 PM
24	Increased crime and trash and noise!	Nov 7, 2013 12:24 PM
25	Garbage left on streets, noise pollution (fire works, general level due to increased auto traffic, people on the streets, vendors screeching, marching bands..)	Nov 7, 2013 11:19 AM

29	Positive aspects - Increased business for local businesses. Lively neighborhood. Excitement Opportunity to see American League Teams continuously.	Nov 7, 2013 2:05 AM
30	My issue with the A's playing at AT&T has nothing to do with events in the neighborhood. I don't think additional events at AT&T is a problem. My issue is that it's the home of the Giants and the A's should find another place to play if they can't come to an agreement with the Coliseum.	Nov 6, 2013 10:40 PM
31	Ad plane noise	Nov 6, 2013 10:29 PM
32	Trash	Nov 6, 2013 9:32 PM
33	That ball park changed SOMA for the better. Everyone was really down on it in the late 90s, and look what we have now. More games mean more commerce. More commerce is a good thing. Yes, it's a pain in the ass to fight your way through hordes of fans to get a seat at a bar or get out of the area on a bus or in a car. I personally think that it's still a greater good for our fine city.	Nov 6, 2013 9:19 PM
34	noise from the stadium	Nov 6, 2013 8:50 PM
35	this survey was obviously meant for those opposing the a's playing at at&t. i hope for the sake of those who would LOVE to have the a's at at&t, another, less biased survey could be initiated.	Nov 6, 2013 8:47 PM
36	The sidewalks are always messed up after a Giants home game. This would make them twice as filthy. If they come here, the A's should pay the MB neighborhood to clean up this mess.	Nov 6, 2013 7:34 PM

Q6. If you answered "other" to Question #5, please explain.

37	trash, broken glass from bottles and car break-ins. It all impacts our quality of life and property values.	Nov 6, 2013 7:31 PM
38	Every night would be over the top.	Nov 6, 2013 6:57 PM
39	Bicycles and the proposed illogical bike lanes planned for 2nd Street are the biggest threats to congestion in the area.	Nov 6, 2013 6:37 PM
40	Typical... You should have thought about this before moving into a neighborhood that has a sports / entertainment complex. Furthermore, I'll be voting for the Warriors' new stadium, if and when, it lands on the ballot. Not a very good poll, btw.	Nov 6, 2013 6:28 PM
41	vomit, etc on sidewalk in front of our building. Drunks peeing in front of our building. The contact high from thick marijuana smoking by our building. expansion of #2!	Nov 6, 2013 6:11 PM
42	Don't need punks from Oakland running around our area. What happens in Oakland should stay in Oakland.	Nov 6, 2013 6:09 PM

46	possible crime increase and trash	Nov 6, 2013 4:56 PM

48	Crime	Nov 6, 2013 4:37 PM
49	Your survey rules are broken. I selected YES in number 1, yet I cannot move forward unless I answer number 2 (which I was asked not to answer). I am also unable to rank the items in question 5.	Nov 6, 2013 4:14 PM
50	Rather have the A's than the Giants! Your survey was pretty heavily biased and seemed to only really encourage people to answer that they don't want the A's to be there. Seems like the point of your survey is to find out why people don't want the A's to play at AT&T as opposed to asking people if they really would mind at all. Instead all of your follow up questions make the assumption that we do mind. Also- the chance of the A's coming to AT&T seem to be pretty slim given Mr. Wolff's comments.	Nov 6, 2013 4:11 PM
